

LISA MILLER AND HER BIRDS OF PREY

**SATURDAY SEPT. 17TH , 1:30 P.M.
AT THE E.O. WILSON BIOPHILIA
CENTER**

LISA WITH "MEDUSA" A RED TAILED HAWK

Lisa Miller is E.O. Wilson Biophilia Center's very own Birds of Prey Rehabilitator. She will be showing and discussing several birds that are under her care. Not only will she be bringing "Medusa," which is shown above, she will bring with her a Barred Owl named "Oz," a Mississippi Kite named "Casper" and an American Crow named "Wizard."

Shortly after 1:30 she will be releasing back into the wild a Merlin, which she has been rehabilitating. You don't want to miss this event. Watching a bird fly back into the forest after rehabilitation is hard to put into words. You just have to experience it for yourself.

Lisa is very passionate about her birds and also extremely knowledgeable. Come to the E.O. Wilson Biophilia Center for a great experience that you will remember for a long time.
